JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

TABLE OF CONTENTS

Preface v
Explanatory Note vii

INTRODUCTION 1
The New York insurance department. Life insurance and speculation. Tables showing the net costs of insurance in fifteen representative companies. Object of the tables. The investigations of 1905-6. Measures adopted for the better regulation of life insurance.

I. LEGISLATION RESPECTING THE FIDUCIARY RELATIONS OF THE COMPANIES 8

1. THE DIRECTORS 8
Election of Directors. Self-perpetuating directorates, and the proxy system. Selection by mail ballot. The compromise. Its trial and its inconveniences.
Mutualization. The provisions for the retirement of capital stock of life insurance companies.
Pecuniary Interest of Managers. Its prohibition. How personal interests were furthered. Effect of the prohibition.
Salaries. How regulated. Former delegation of authority to fix salaries, and the consequences.

2. PUBLICITY 18
Political and Legislative Expenses. Campaign contributions. Lobbying and corruption. Publicity as a remedy.
Examinations. Laxity and irregularity of official examinations. The new requirement.
Annual Reports. New particulars required in the annual statement.

3. INVESTMENTS 21
Real Estate. Stricter rules as to this kind of property.
Real Estate Mortgages. More liberal rules.
Public Securities. More liberal rules.
Underwriting Participations. Their nature. Why forbidden for life insurance companies.
Stocks and Collateral Trust Bonds. Why forbidden.

II. LEGISLATION RELATING TO UNDERWRITING PRACTICES 26

4. POLICIES 26
Participating and Non-Participating Policies. Non-participating policyholders not concerned. Possible injury

to participating policyholders. The case of annuities. Stock *vs.* Mutual companies. The discrimination against New York companies.
Standard Policies. Their need. Their reputed inflexibility. Their discrimination against New York companies. Their endorsement. Standard provisions.

5. VALUATION 33
The over-strict standard of solvency. Borrowing from the surplus. Relaxation of the standard. Why the "full level premium reserve" standard could safely be relaxed. The "select and ultimate" method of valuation. "Preliminary term" and "modified preliminary term" valuation. The new standard in New York, and its influence.

6. LIMITATION OF EXPENSES 41
Limits within which companies must confine their expenditures for new, and for total business. Revolutionary character of these provisions. Their necessity. How the companies were affected. The first year of trial. The campaign for amendment. The modifications of 1909. The interests of the agents.

7. LIMITATION OF NEW BUSINESS 58
The magnitude of the companies, and the race for business. Anxieties aroused. The limitations upon volume of new business. The general assent to these limitations. The predicament of the New York Life Insurance Company. The revival of survivorship annuities. The arguments for and against limitation of expansion.

8. CONTINGENCY RESERVE (SURPLUS) 66
The provisions against unfavorable contingencies. Limitation of surplus. The limitation unnecessary. The limitation unsafe. The lesson of the bond market depression of 1907. The amortization method of valuing securities.

9. DIVIDENDS 73
Deferred dividends. Tontines and semi-tontines. Criticism of the arguments for deferred dividends. Why companies favored deferred dividends. Why policyholders "chose" deferred dividends. The relative persistency of deferred and annual dividend policies. Rapid rise to favor of deferred dividends, and their sudden downfall. Inadequate accountability. Sub-standard risks. The publication of annual dividend scales.

CONCLUSION 94
